EDUCATION

B.Tech. IT
SASTRA University
Jun, 2012 - Apr, 2016 | Thanjavur, TamilNadu

WORK EXPERIENCE

Senior Software Engineer - Mobile
ALLEN - NEET, JEE & Class 6-12
EdTech platform for IIT-JEE & NEET
Mar, 2023 - Present | Bengaluru, India

- Developed native mobile features across **iOS and Android** using **Swift/SwiftUI** and **Kotlin/Jetpack Compose** for Live Classes, Polls, In-Class Doubts, and the Active Learning Library, serving **1M+ learners**.
- Designed modular mobile applications using **MVVM**, REST APIs, and reusable architecture to improve scalability and maintainability.
- Improved **performance, stability, and maintainability** through architecture improvements and engineering best practices.

Software Development Engineer III (Promoted from SDE I -> SDE II -> SDE III)
Noon Academy
Middle East EdTech platform serving 10M+ users
Dec, 2019 - Feb, 2023 | Bengaluru, Karnataka (Remote)

- Developed scalable **iOS** applications and contributed to **Android** features using **Swift**, **Kotlin**, and **MVVM** for an EdTech platform serving **10M+ users**.
- Improved app reliability by maintaining **99.9% crash-free sessions** and reducing app load times by **25%** through performance optimization.
- Led technical initiatives including architecture discussions, code reviews, mentoring, and cross-functional collaboration.

Mobile Application Developer
Square Off Chess- Play & Learn
Creators of Square Off – the world's smartest chessboard
Oct, 2018 - Nov, 2019 | Bengaluru, Karnataka

- Engineered the iOS application for the **Smart Chessboard**, implementing **Bluetooth**, **Firebase**, and **REST APIs** for real-time gameplay.
- Increased **test coverage to 85%** through comprehensive **Unit** and **UI** testing, significantly reducing regression issues.

Junior iOS Developer
Mallow Technologies Pvt. Ltd.
Software development firm delivering enterprise and consumer apps
May, 2016 - Sep, 2018 | Karur, Tamil Nadu

- Developed enterprise and consumer **iOS** applications using **Swift**, **Core Data**, and **Google Maps APIs**, delivering **location-based**, **offline-first**, and **multilingual** experiences.

SKILLS

Swift | SwiftUI | UIKit | Objective C | Jetpack Compose | Kotlin | Java | Android SDK | MVVM | WebSockets | Git | REST APIs | Skill | UI Testing | Unit Testing | iOS | Android

CAREER HIGHLIGHTS

First Mobile Engineering Leadership
ALLEN Digital
*Established the mobile platform at **ALLEN Digital**, designing scalable architecture and delivering real-time learning experiences for **1M+ learners**.*
Mar, 2023

Career Growth
Noon Academy
*Promoted from **SDE I to III** through technical excellence, ownership, mentoring, and consistent delivery.*
Dec, 2019

Engineering Impact
Noon Academy, ALLEN Digital
*Delivered **high-scale mobile applications** serving **10M+ users**, specializing in **real-time systems**, **performance optimization**, and **mobile architecture**.*
Present

TECHNICAL EXPERTISE

Mobile Development
Swift • SwiftUI • UIKit • Objective-C • Kotlin • Java • Jetpack Compose • Android SDK • MVVM • Clean Architecture • REST APIs • Firebase • WebSockets
2016 - Present

Engineering Excellence
Performance Optimization • Debugging • Unit Testing • UI Testing • CI/CD • Fastlane • Xcode • Android Studio
2017 - Present

AI-Assisted Development
Cursor • GitHub Copilot • Claude • ChatGPT • Code Generation • Refactoring • Debugging • Documentation
2024 - Present
