EDUCATION

B.Tech. IT
SASTRA University
Jun, 2012 - Apr, 2016 | Thanjavur, TamilNadu

WORK EXPERIENCE

Senior Software Engineer - iOS
ALLEN - NEET, JEE & Class 6-12
EdTech platform for IIT-JEE & NEET
Mar, 2023 - Present | Bengaluru, India

- **Established the iOS platform** as the **first iOS engineer**, designing scalable architecture using **SwiftUI**, **MVVM**, and modular design.
- Built **Live Classes, Polls, In-Class Doubts, and Active Learning Library** for an app serving **1M+ learners**.
- Improved **performance, stability, and maintainability** through architecture improvements and engineering best practices.

Software Development Engineer III (Promoted from SDE I -> SDE II -> SDE III)
Noon Academy
Middle East EdTech platform serving 10M+ users
Dec, 2019 - Feb, 2023 | Bengaluru, Karnataka (Remote)

- Built scalable **iOS and Android** features using **Swift, SwiftUI, Kotlin, RxSwift, and MVVM** for an EdTech platform serving **10M+ users**.
- Improved app reliability by maintaining **99.9% crash-free sessions** and reducing app load times by **25%** through performance optimization.
- Led technical initiatives including architecture discussions, code reviews, mentoring, and cross-functional collaboration.

Senior iOS Developer
Square Off Chess- Play & Learn
Creators of Square Off – the world's smartest chessboard
Oct, 2018 - Nov, 2019 | Bengaluru, Karnataka

- Engineered the iOS application for the **Smart Chessboard**, implementing **Core Bluetooth**, **Firebase**, and **Core Data** for real-time gameplay.
- Increased **test coverage to 85%** through comprehensive **Unit** and **UI** testing, significantly reducing regression issues.

Junior iOS Developer
Mallow Technologies Pvt. Ltd.
Software development firm delivering enterprise and consumer apps
May, 2016 - Sep, 2018 | Karur, Tamil Nadu

- Developed enterprise and consumer iOS applications including **Denver Water**, **Trygg**, and **LZOOM** using **Swift**, **Core Data**, and **Google Maps APIs**.
- Built **location-based**, **offline-first**, and **multilingual** mobile solutions while delivering production-ready features in an Agile environment.

SKILLS

Swift | SwiftUI | UIKit | Kotlin | MVVM | CI/CD | GitHub Copilot | Claude | Cursor | Unit Testing | UI Testing | Performance test

CAREER HIGHLIGHTS

First iOS Engineer
ALLEN Digital
*Established the iOS platform at **ALLEN Digital**, designing scalable architecture and delivering real-time learning experiences for **1M+ learners**.*
Mar, 2023

Career Growth
Noon Academy
*Promoted from **Software Development Engineer I to III** through technical excellence, ownership, mentoring, and consistent delivery.*
Dec, 2019

Engineering Impact
Noon Academy, ALLEN Digital
*Delivered **high-scale mobile applications** serving **10M+ users**, specializing in **real-time systems**, **performance optimization**, and **mobile architecture**.*
Present

TECHNICAL EXPERTISE

Mobile Development
Swift, SwiftUI, UIKit, Kotlin, MVVM, Clean Architecture, REST APIs, Firebase, WebSockets.
2016 - Present

Engineering Excellence
Performance Optimization, Debugging, Unit Testing, UI Testing, CI/CD, Fastlane, Git, Xcode
2017 - Present

AI-Assisted Development
Xcode, Git, Firebase, Core Bluetooth, Core Data, Fastlane, Jenkins, CI/CD
2024 - Present
